**INGREDIENTI:** AQUA [WATER], ETHYLHEXYL PALMITATE, HELIX ASPERSA, CETEARYL ALCOHOL, LACTOBIONIC ACID, GLYCERIN, GLYCERYL STEARATE SE, ALPHA-ARBUTIN, CETEARYL GLUCOSIDE, TOCOPHERYL ACETATE, LEPIDIUM MEYENII ROOT EXTRACT, MALTODEXTRIN, SACCHARIDE ISOMERATE, SODIUM DEHYDROACETATE, CERATONIA SILIQUA, TOCOPHEROL, PARFUM [FRAGRANCE], SILICA, TRIETHYL CITRATE, ETHYLHEXYLGLYCERIN, SODIUM CITRATE, IMIDAZOLIDINYL UREA, PHENOXYETHANOL, CITRIC ACID, BHA, TRIETHANOLAMINE.

**ASPERSINA RENEW** is a cream made with snail Slime alpha-arbutin, Maca extract and Kogic acid, ingredients capable of carrying out an **INTENSIVE, RENEWING AND SKIN-LIGHTENING ACTION** in order to eliminate, alleviate, soften

and slow down the appearance of the most common hyperpigmentations of the skin, such as, for example, chloasma gravidarum (mask of pregnancy), freckles, age spots and skin dyschromias in general, as well as to make signs of scars, acne and burns less visible. It also renews cellular turnover and ensures a long-lasting contribution of moisturizing substances to all epidermal layers throughout the day, providing the skin with a 24-hour “radiant” effect.

**ASPERSINA RENEW** is recommended for:

- Repairing damages caused by photo-aging
- Reducing the melanin index, for a whitening effect
- Skin spots and dyschromias
- Lentigo senilis (old age spots)
- Chloasma gravidarum (mask of pregnancy)

- Freckles
- Signs of scars, acne, burns
- Renewing cellular turnover
- Skin with a “radiant” effect

**INSTRUCTIONS:** apply twice a day, morning and evening on the areas to be treated for not less than 2 months.

Package 50 ml
