

USE: from 6 months to 12 years

Calma

FLUID CONCENTRATE

Food supplement with plant extracts.

RELAXATION AND PEACEFULNESS FOR WELL-BALANCED GROWTH

INGREDIENTS: demineralised water, fructose, concentrated apple juice, Passion flower aerial parts (*Passiflora incarnata*) dry extract, Lemon-balm leaves (*Melissa officinalis*) dry extract, preservative: potassium sorbate, acidifier: citric acid.

GLUTEN-FREE

COMPATIBLE WITH DIETS FOR CHILDREN WITH COELIAC DISEASE

Children often show signs of some forms of physical and mental restlessness, with outbursts of anger and prolonged crying, they are not willing to sleep, they have short periods of attention and concentration. It is believed that these disturbances are due to psychological reasons connected with the environment where the child lives, but in fact the causes are not completely known.

CALMA FLUID CONCENTRATE is a preparation obtained from plant raw materials, titrated and standardised, which come from cultivations subject to rigorous quality controls, sapiently mixed with ap-

ple juice and fructose, indicated for improving and helping physiological relaxation during the day. The ingredients do not have side effects and can easily be exploited for the baby's daily wellness. **CALMA FLUID CONCENTRATE** is safe, has a pleasant taste and it is suitable also for infants.

RECOMMENDED DOSE: 1 - 2 tablespoons per day. **CALMA** can be taken as it is or diluted in water or another beverage (tea, milk, chamomile, juice, etc.).
