

Fitobalm

VAPOR

VAPOR DROPS FOR ROOMS

NATURAL VAPOURS FOR BREATHING NATURE

IMPROVES BREATHING AND PROVIDES RELIEF FOR THE RESPIRATORY TRACT!

**FOR EXTERNAL USE ONLY
DO NOT INGEST**

FITOBALM VAPOR, can be easily used as a pleasant vaporising substance in a child's room from the first months of life. Just a few drops added to the heating compartment in a room dispenser or vaporiser, release natural vapours which make the air pleasant and improve breathing.

A healthy and aromatic note will last for a long time.

USE INSTRUCTIONS: dissolve 5/10 drops of **FITOBALM VAPOR** or more, based on need and the size of the rooms, in the heating compartment or in a room dispenser or vaporiser. The essential oils contained in **FITOBALM VAPOR** immediately release a fresh, balsamic scent in the room which lasts for several hours.

Package 30 ml
