

Solesan

TABLETS

Food supplement based on herbal extracts.

HELPS TO PREPARE THE SKIN FOR TANNING • CONTRASTS OXIDATIVE DAMAGE FROM FREE RADICALS AND SUN EXPOSURE

INGREDIENTS: Grape Vine (*Vitis vinifera*) d.e., Green Tea (*Camellia sinensis*), Japanese Knotweed (*Polygonum cuspidatum*) d.e., Carrot (*Daucus carota*) d.e., Betacarotene, Astaxanthin, Lutein, vitamin C, vitamin E, bioflavonoids.

SOLESAN is a food supplement based on herbal extracts which gives you a huge amount of antioxidants that form a good defense against damages caused by UV rays. This product helps to reach an intense and uniform sun tan. It is also useful to prevent from dermatitis and erythemas.

Moreover, **SOLESAN** prepares your skin before bronzing. It increases the level of hydration of the skin, and it makes your sun tanning last for a longer time.

SUGGESTED DOSE: 1 tablet a day before meal. For a correct use we suggest to begin 15 days before starting to bronze.

Product notified to the Italian Ministry of Public Health
